## Podiatry Management / Leadership Experience

### Chiropody/Podiatry/Podiatric Surgery Management Roles

I managed three Chiropody/Podiatry teams from 1993 to 2000. Main achievements:

- 1996: Established peer review guidelines, which were instituted as standard policy for clinical staff
- 1997-8: Conducted training needs analysis and forward training plan for the Podiatry department to facilitate team rolling update/refresher training (with Salford University)
- 1998 - 2000: Developed and implemented a Podiatric Surgery Service: trained a surgical team, set up a referral system and liaised with GPs to develop a new surgical facility
- 1999: Produced a marketing strategy including a detailed analysis of the service, leading to the production of service information leaflets for GPs on specialist podiatric services
- 2005: Kaiser Permanente Clinical Leadership Programme: Sunley Mgmt. Centre
- 2014: Shortlisted for Mentor/Coach of the Year (East Midlands Leadership Awards)
- 2018 and 2019: Podiatric Surgeon of the Year - Midlands

### British Army

1. Captain: Regular Army Reserve Officer (current)
2. Troop Commander: 3 Medical Squadron - Operation Telic 2 (Iraq 2003)

## Medico-Legal Experience

Podiatry/Podiatric Surgery Expert Witness: I provide expert witness report for Podiatry, Podiatric Surgery and foot related personal injury cases:

- Bond Solon: Report Writing course (2007)
- Member: Expert Witness Institute (2008 – 2020)
- Personal injury and medico-legal reporting with a 70:30 split for defence:claimant - instructions prepared within agreed time-scales

## Research Experience

### Honorary Visiting Research Fellow

#### Lancaster University (1998 - 2000)

Following a successful bid for funding from the NW Regional Office (£41,000), a R&D initiative was commenced for a six-month period in June 1998. I was one of four non-medics seconded to Lancaster University for a six-month R&D training programme. This led to the role of R&D Facilitator for the Morecambe Bay Trust from 1999 – 2000.

### Research Grant Funding

#### Northampton Designated Research Team (2004 - 2006)

I was part of a 3-podiatrist team for a two-year project: Northampton PCT Designated Research Team (DRT). We were successful in gaining a £30k training and research grant from the Trent Focus Group (DRSU). Training was provided by the Sunley Management Centre, University of Northampton, followed by a research project to develop an EBM nail surgery guideline.

### Current Research Studies

Incisional skin and nail surgery for Podiatrists, injection therapy
